# NOSSA HISTÓRIA

Fundada em 2006, a Radiadores São José teve o intuito de fazer a diferença no ramo de radiadores. Seu fundador começou, primeiramente, visitando as empresas, procurando identificar suas necessidades, criando uma aproximação com elas. Logo ao visitá-las, ele começou a notar resultados positivos. Com os serviços diferenciados o crescimento foi imediato.

Com o passar do tempo, a equipe foi ampliada e especializada com o objetivo comum de se tornar referência no mercado MUNDIAL em Sistemas de Arrefecimento.

Em 2014, nasce a ideia de montar uma distribuidora, com a denominação "Radicooler" que, atualmente, atende todo o Brasil.

Em 2016, é iniciada a construção da fábrica no Paraguai com o nome de LD3 para atuar e vender na América Latina.

Em 2018, houve a inauguração da unidade fabril LD3, sendo um passo a mais rumo ao principal objetivo do grupo, ou seja, o de se tornar referência MUNDIAL no mercado de sistemas de arrefecimento.
